OD (8,2) Alexanders Ch Offordale Chevalier loved him as a puppy and then he went through the awkward stage (which is correct for development) now he is turning into a truly beautiful animal most handsome head beautifully carried well off for bone but he is in no way coarse v well decorated he is plenty long enough but his topline is firm and strong and he kept it well on the move aswell as standing absolutely wonderful hindquarters he ate up the ring on the move and to top it off he has the most incredible ring prescence a dog to be proud of CC BOB G1 2.
