JUDGE - PAULINE BAKER

Bitches

An enjoyable day, thank you all for voting for me to judge this show and accepting my decisions. There was a high quality and some placings could on another day quite easily change. I am pleased to say there was no shyness or aggression and all of the bitches being happy to be gone over. I was pleased with my overall winners.

Many thanks to Naomi Forrest and Maria Whiting for doing a great professional job of stewarding for me.

Minor Puppy Bitch 8 (2)

1 - Clement's - Caldecacre's Sweet Perdita

Well spotted liver. Compact, strong and well developed for one so young - be careful she doesn't become over developed. Good round bone and nice tight cat feet. Lovely forechest, good lay of shoulder, strong loin and level topline which was held on the move. Good rear angulation. Moved positively with plenty of drive.

2 - Goodman's - Theakston Twinkling Star

Black spotted. Lighter in spotting and build than 1. Very much a baby, pretty and more feminine than first. A bitch with an elegant neck, good front and rear angulation. Level topline which was kept on the move. Moved steadily around the ring. Would have liked a little more substance, but believe this should come with maturity.

3 - Ford's - Kayjule Olympic gold

Puppy Bitch 10 (3)

1 - Morgan's - Winflash Olympic Star

Black spotted. This young girl is very nicely put together having a feminine head with lovely expression. Nice reach of neck into a well laid shoulder having good forechest, round bone and nice tight feet. She has a good top line leading into correct tail set and nice bend of stifle. The darkest of pigment on purest of white coats, a strong loin, holding a good top line with correct tail set standing and on the move and correct tailset . Good rear angulation and well developed second thigh. Overall a very nicely put together bitch which shows in her balanced movement, she covered the ground with ease. Very happy and outgoing, immaculately turned out and well handled. Didn't put a foot wrong today, pleased to award her a well deserved BB ,RBIS and BOS

2 – Croft's - Doubtwell Ebony Night

Black spotted similar in type to 1. Feminine head very dark eye and beautiful dense black pigment. She has an elegant neck, good front and rear angulation, holds a good top line and presented in good fit condition, moved around the ring with drive but needs to be a little more at one with the handler.

3 – Richardson's - Klarkeson Driven by you via Mapplewell

Yearling Bitch 6 (1)

1 – Brindley's - Dalmanti Black Pearl of Lightoka

This black spotted was another with dense black pigment and very dark eye, such a pretty girl of nice size with good front and rear angulations. Obviously enjoying her day out, showed well and moved with real purpose and drive around the ring. A very nice bitch that I think has been overlooked in the past.

2 – Moore's - Fincham Dottie Lottie

Liver spotted. Nice head with a soft expression. She has a lovely reach of neck , level topline and good bend of stifle , moved around the ring balanced and steady, a nice bitch but just didn't have the drive or ring presence of first place today.

1 – Jenkins - Jewelruby Queen

A very showy black spotted bitch giving her all today. Nice head with good dark pigment flowing into good reach of neck and good lay of shoulder and depth of chest having a good bend of stifle. She has sound steady movement, really showed to her advantage.

2 – Gurnsey's - Blazinstunts Indian Sky At Kilmartin

This black spotted is heavier in build than one . She has the darkest eye demonstrating excellent pigmentation. Good all round construction having movement that was balanced and steady. She really enjoyed her day out, just not quite the ring presence of one.

This is a lighter classically spotted black who has a nice head with dark eye, elegant neck leading to good lay of shoulder and good top line on the stand leading to correct tail set. She has good round bone with tight cat feet. A strong second thigh with good bend of stifle. Moved true away and back that was steady and balanced.

2 – Thorner's - Tolutim Evensong

Black spotted taller and a different type to first but none the less of sufficient quality. Nice reach of neck with good shoulder placement. She carries a level top line both stood and on the move. 3 – Connolly's - Tamilanda Summer Pink At Connomoor

Post Graduate Bitch 10 (3)

1 – Beeston's Olbero One Copper Charm For Sanadal

Feminine liver spotted of good colour. She has a lovely head and elegant neck going into well laid shoulder and level top line, good turn of stifle and well developed strong second thigh. Overall a nice balanced bitch who moved around well but didn't seem to be at one with the handler today. To be overly critical would like to see a bit more weight on her but

you cannot take the quality away from her.

2 – Lamb's - Dalpetro Diva

Another good quality bitch. Black spotted having good feminine head. Well developed forechest and lay of shoulder. She is well off for bone and displays good spring of rib, strong hocks good bend of stifle helping her to cover the ground well on the move.

Limit Bitch 8 (4)

1 – Gardinor's - Dalispots Dubyana At Dakata

Very nice liver spotted. Nice head and expression, good reach of neck. She has a well developed forechest and good lay of shoulder leading to a good level topline which was also nicely held on the move. A bitch with correct tailset and good bend of stifle, balanced and moved with good reach and extension around the ring. Much to like about this bitch and think she will have a good future – I will watch her with interest.

2 – Whiting's - Cibrith China Aster

Lighter in build and decoration than first. Very feminine head with nice reach of neck, topline good and well put together front and rear. Moved with balance and steadily around the ring and typically very well handled but unfortunately did not cover the ground as well as first.

3 – Kembrey's - Dalmark The Sandwich

Open Bitch 6 (0)

1 – Hobbs and Whiting's Winflash Loopy Loo

Very nice black spotted bitch that always seems to give her all and one that has great ring presence A bitch that has substance and well muscled, yet still maintains her femininity. Overall, of good balanced proportion with nice head. This bitch has a well developed deep forechest with plenty of heart and lung room. She has a good lay of shoulder and topline with flowing tail set. Appeared to be carrying a little weight today, but this was overlooked as I could not ignore how well this bitch moved around the ring with plenty of drive, covered the ground really well with purpose,. This bitch didn't stop showing and again was handled well. Pleased to award her RBB.

2 – Alexander's - Offordale Catalina

Another nice black spotted bitch with good substance. One who is well off for bone with good feet and another that has a well developed forechest with good shoulder placement and rear angulation As with most bitches today she has a well developed and substantial second thigh highlighting condition. Moved with drive and covered the ground well, just wasn't showing as well as first place today.

3 – Kembrey's - Dalmark The Super Sleuth

Special Junior Veteran Bitch 8 (1)

1 – William's - Phadante Bossanova Baby

This 9 yrs black spotted girl full of life and attitude today giving her handler a tough time. In hardest fit condition and of nice make and shape. This bitch has a nice feminine head with good reach of neck leading into good shoulder and levellest of top lines following onto good strong rear angulation which made this bitch really cover the ground well. Really enjoying her day out. Pleased to award her BVB.

2 – Cuthbertson's Ch Kalsidoni Garnet

Another quality bitch of 7 yrs who always does everything right. Densest of black pigment with good dark eye and a nice feminine head. A bitch with excellent reach of neck and lay of shoulder. Another with good turn of stifle and overall a lovely make and shape. One who moved very well around the ring but was unfortunate to meet first place who had it over – just - on drive today.

3 – Adderly's Phadante Follow That Dream
