# Judges Critique

A warm welcome awaited at this excellent venue. Weather remained warm and sunny throughout the day adding to the pleasant atmosphere around the outdoor ring. I thank the committee for all their hard work in ensuring the day progressed well and also to my two very capable stewards.

I was concerned that there was a lack of quality in some of the lower classes in both sexes and appeal for more care when embarking on breeding programmes by studying pedigrees and asking questions of those around who are more than willing to give help and advice learned from their own past experiences. Knowledge can be gained from many quarters and can be used carefully to build a good sound basis to help produce quality stock. I would like to say that I was more than pleased with several exhibits that were shown in excellent condition to show off their many qualities.
