Judges Critique

Midland Counties Canine Society Championship Show 2016 Dalmatians

Thank you all for your entries; it was a great honour and pleasure to judge your beloved Dalmatians. I was delighted with the overall depth of quality of the both the dogs and the bitches and even more pleased that the youngsters are showing such great promise. Because of the quality of the entry, there were some very close decisions, which could be reversed on another day. I was very clear about my interpretation of the standard and I was delighted to find that my winners illustrated the very best in Dalmatian attributes on the stand and combined with their correct movement – they would be able to follow a carriage for many miles. Sadly some exhibits were experiencing the dreaded skin problems and they had to be relegated to lower awards. I found many exhibitors' interpretation and understanding of running a triangle very interesting and I was pleased to find that a little girl executed one of the best triangles of the day!

MPD 6/2

1. Hobbs and Whiting's Rapanooey Sun Spot. Eight months old and well grown, correct liver colour and nicely decorated, a masculine boy. Attractive head with good eye colour. Substantial bone and correct overall make and shape. Good cat feet and moved well with drive ... think he has a great future ahead
2. Carroll's Sophtspot Hip Hip Hooray. This black spotted puppy with an attractive head and expression. Overall good outline and kept a good topline on the move. Good feet and nicely set tail. Moved well, one to watch...close decision - just preferred1 today.

3. Southwood & Tofield's Rapanooey Solar Solstice

PD 8/0.

1. Whincup's Tamilanda Midnight Lilly. Just rising to one year of age and maturing well. Correct make and shape standing with good depth of brisket, well sprung ribs and correct tuck up and good rear angulation. Attractive overall decoration with good dark eye colour. His correct construction means he moved with good reach and drive.
2. Croft and Cobb-McGill's Kalokairie's Bullet Proof. Marginally younger than one. Another beautifully decorated dog, this one liver spotted. He has a lovely elegant outline standing and on the move. Good tail set. Moved well, tracked true from the side and away and with appropriate drive – both 1 and 2 are expertly handled and both have extremely promising show careers.

3. Hobbs and Whiting's Rapanooey Sun Spot

JD 5/1

1. Neilson's Bariscot Aristarchus Moonet. Appealing 18 month old dog, maturing nicely. Well spotted quality male with good overall outline. Deep brisket, correct rear quarters and good feet. Nice dark eye and pleasant expression. Moved well and kept a level topline. Currently a little immature but I am sure he will do well in the future.
2. Goodswen's Alphadal's King of Angels. Nicely constructed and balanced overall- such a happy dog with an outgoing nature. Well put together, nothing overdone and moved well with a nice side profile. Just preferred one today.

3. Green & Sears Boschendal Simply Red at Judally

An attractive head and kind expression with lovely overall markings with good liver colour. Correct neck and front blending into a deep chest .Good spring of rib. His rear angulation is well constructed with good turn of stifle. He powered round the ring and moved with vigour. He is still a little unsettled on the front movement but this will settle with maturity. DCC

2. Vockings & Smethursts' Portunes Green Day. Lovely liver dog with elegance and substance. Nice head and expression. Lovely level topline and correct set tail, which he uses to advantage. He has elegance and substance and is balanced on the stand and on the move. He is also deserving of top honours.

Good front and topline and moved well for a puppy.

2. Talbot's Wallstan Peppermint with Leaveslake A little younger than 1. Still very much a puppy. Nice overall shape, slightly longer in the loin than 1. However overall construction is sound and she was a little unsettled on the move. Very attentive to her handler and showed well –preferred 1 overall today

2. Crofts' Kalokarie's Barberella from Koroyza. Lovely decorated liver bitch with sweet head and expression. Lovely size and with substance and elegance and again as per 1, maintaining femininity. Lovely outline, good front and rear and can move with drive. Could easily have changed places with 1 but preferred 1's drive to day. Another to watch.- - they should both do well

2. Neath-Duggan's Buffrey Hey Diddle Diddle. Another very attractive black spotted girl who was beautifully handled. Another quality class....this one has a very attractive side profile, nice front and rear and can move with ease, I just preferred one to day

3. Suggett's Dalebred Geebee Gold for Kintegus

OB 8/2

1. Alexander's Ch. Offordale Larissa. I have admired this bitch from the ringside and was delighted to find on examination that she was as sound and elegant as she appeared. Beautiful head with darkest eyes set into a lovely front assembly. She has a good spring of rib with excellent lung capacity leading into a good tuck up and then into her strong but not exaggerated rear quarters with good bend of stifle, good hocks and correct tail set. The darkest pigmentation and a glossy white coat enhance the picture standing and when moving, she retains a lovely profile while driving effortlessly around the ring. Absolute femininity and elegance combined with structural soundness. Absolutely loved her. CC & BOB

2. Philip's Dvojica Bubble N'Chic at Nordalset. Very feminine and attractive black spotted girl. A very attractive head, dark eyes and pigmentation. Good front and rear and overall very well-constructed and therefore moves with drive and maintains balance. Very unfortunate to meet 1 today...am sure will gain her crown soon.

3. Quayle's Ch. Cubralibre Follow On
