Judges Critique

British Dalmatian Club Ch. Show - 4th Nov.
DOGS
Judge Malcolm Smith (Dallyvista)

The British Dalmatian Club Championship Show was held at Stoneleigh where we had two lovely spacious rings in which the exhibitors had every opportunity to move their dogs to their best advantage. There were some very good dogs being exhibited and I was delighted with all my winners. All the dogs were shown in a clean condition and all the temperaments were and a credit to the breed. I was a little surprised at the number who were displaying spread feet, nails that needed attention and the resulting weak pasterns. Feet can be improved by exercising on hard surfaces and plenty of road walking. Without the correct feet a dalmatian cannot be fit for purpose as a carriage dog. short steep upper arms are still a concern which obviously restrict forward reach.

DCC, BVIS & BIS was Beeres' INT/NL/BE/DE/LUX/DK/FR. CH. ANMADEKE'SALL OVER THE WORLD A true multi-champion, 7 yrs. of age, and presented in pristine condition who excels in his effortless co-ordinated rythmic movement, a testament to his sound construction. All the correct breed points are presentand he is always at one with his handler.

RDCC & RBIS was Alexander's OFFORDALE PICASSO A younger dog with superb conformation and balanced outline and displaying such good muscle tone.He also is outstanding in his free positive movement which was so evident in the enlarged ring.

BPD; was Millington's CAPEARLLA PURE DIAMONDS

6mths.b/w and a real treasure with surely a promising future. Good decoration with clearly defined spotting on sound construction. Correct size for age, and so well schooled with his young handler enabling him to show such good movement at this early age.

BITCHES

It was a real honour and privilege to judge the bitches at this premier show. I was so pleased with my entry and I had some beautiful examples of the breed to assess. My two ring stewards were both experienced and professional and certainly made my job a lot easier, many thanks guys.
On the whole I was very pleased with the quality of the Bitch entry and there was certainly an improvement in the overall standard since I had last judged the breed. I didnâ€™t see any issues with temperament but I did come across a few

turned in front feet due to very wide chests and some short / long tails.

Minor Puppy Bitch 2-0

1st Whitings ~ Akaroa Lulu
At 8 mths old this b/w girl is going through the leggy stage of growth. Feminine lightly spotted head with good ear placement into elegant neck and well defined withers. Held a level top line both standing and on the move. Chest needs to develop but good front and rear angulations. Moved smoothly around the ring. BPB & BPIS

2nd Hobbs & Whitingâ€™s ~ Rapanooey Rascallion
6 mth old l/s bitch, more compact than 1 and of heavier build. Pretty head and ears and reachy neck and defined withers. Shorter in the back and over the croup. Shoulder placement is good as is the rear angulations and bend of stifle. Nice tight feet. Moved soundly with the expected â€œpuppy rollâ€• which will go as she muscles up.
