DALMATIAN

A big thank you to my two very capable stewards who worked well with me and with a happy, pleasant disposition. A good sized ring with hard surface which enabled me to see movement easily. Overall a good entry with some quality exhibits but we still have too many with tails set too high, and some exhibits lacking in width of front and body. Still overall I found plenty of our wonderful breed with lots to like and I found this very encouraging for the future.

MPD (3)

1 Gibbs' Tolkain Storm King From Phadante. Six and a half mth black spotted youngster of ideal size, balanced with good make and shape. Well proportioned male head with good eye colour, level back, and correct tail set. Just needs time to settle to his task.

2 Barrett's Taliory Saddleside Legend. Well grown boy, nicely decorated. Good make and shape shown in good condition. Head has developed well, correct ear carriage and eye colour. Strength over loin and correct tail set.

3 Tomlinson's Swingle River Mr Smee

1 Locke-McFadzean's Caprillis Panache Over Sassafrass (Imp USA) . Black spotted all male. Big and strong with lovely head and expression. Lengthy neck, shoulders correct, strong back and good length of rib. Strength over the loin, moved with purpose.
