Judges Critique

West of England Ladies Kennel Society April 2022

Judge: Sidney Bolt

Many thanks to exhibitors for such a wonderful entry. I decided to judge the breed outside being dry but somewhat a little cold to begin with. Unfortunately, construction work started close to the ring which did affect some exhibitors. Surprising that the Society allowed this to happen during a show is an understatement.

Our breed's observation. Sadly, in my opinion I think we have lost breed "type" and it was quite a challenge trying to judge to our breed standard making it extremely difficult to get into any form of "flow".

In some of the lower puppy classes one or two were a little timid which allowances can be made for. However, the breed standard asks for an outgoing dog which in some later classes was not in abundance and unfortunately some good dogs suffered placing's in view of this. Again, possibly a result of the construction work far too close to the show ring. Some dogs were over muscled and conversely, many were overweight, losing the elegance that our breed standard commands.

We are guardians of this breed for only but a short time so please think long and hard about your breeding program, ask advice from successful breeders. We must maintain type for this beautiful breed which is set by our breed standard.

Veteran Dog (4,1)

A class I always have a problem with judging with the belief that our breed are in their prime at seven years old and how unfair to judge a dog of this age with one being ten, eleven or older. Let's face it, a seven year old may not "make old bones".

1st "Christie's Ch Sophspot Gold Dust. Magnificent well balanced seven year old liver dog in terrific condition and correct to breed type. He just seems to have got even better with age. This dog has an excellent head with good kind expression, correct skull with well placed and carried ear having correct eye colour and pigmentation. Strong through the front but not overdone with good length of neck leading to strong wither, excellent well laid shoulder with correct angulation and level top line. He has correct tail set which is well carried on the move of which he moves with drive and vigour easily covering the ground with good reach and drive from his rear quarters. Quality dog who is obviously so well balanced.

2nd "Neath-Duggan & Baker's Ch Buffrey Incognito by Dalleaf. Definitely not a dog that was incognito. There was no hiding his identity being another quality seven year old dog who unfortunately met first today. Compact black and white dog of good proportion having handsome head and good pigmentation. He has a good reach of neck and well laid wither and carries a good level top line stood and on the move. Good depth of chest and length of loin. Immaculate black on white well decorated coat. Handled to his advantage stood and on the move "take note new exhibitors.

3rd "Hursta's Philcarthom Xcaliber at Finnidal

Minor Puppy Dog (4,0)

1st "Page's Olilou Heavenly Hamilton by Winflash

Seven month old black and white dog of quality and substance. A dog with the deepest black pigmentation presented on good dense white coat. Just as you want in a puppy of this age good bone with substance in his body. Lovely spotted face with typical soft puppy expression. A dog with good front and width of chest, nice reach of neck and developing wither. Has good depth of brisket and is well coupled. He is a great moving dog fore and aft despite being such a youngster. A dog that will not disappoint.

2nd "Croft's Dalmark The Rulebreaker

A dog with not quite the confidence of first just yet but still a youngster with time on his side. Eight month old nicely decorated black and white who is well off for body and substance. A dog with good head and width of skull and well broken ear. He has a good width of fore chest with correct lay of shoulder, nice spring of rib, level top line and correct set of tail. Moved well but just needs that confidence and ring presence to shine.

3rd "Davies Maddidalli Causing a Storm

Puppy Dog (5,0)

1st "Wilkins Gloriandus Petersburg at Salvadorada

This was a nice puppy dog with much quality about him and potential for the future. A twelve month old dog of correct size and coupling having good substance and bone. He has a good head framed with well carried broken ear and good width of skull. A dog with strong front and developing wither. Well laid shoulder and good front. He carries a level top line on the move which is complimented by his tail carriage. Be careful not to over develop him and try to maintain that masculine elegance.

2nd "Smiths Rapanooey Sugar Donut

This is another quality dog with strong future having good body and correct coupling. Attentive expression, with good head and pigmentation. Preferred his length of neck over first leading to defined wither, level top line, defined croup and well carried tail. He is well angulated with good turn of stifle. His body is nicely decorated with good dense black spotting. Well in tune with his handler on the move with drive and conviction.

3rd "Bridge, Meyer & Britton's Akoni Athos Comte de la Fere

Junior Dog (4,1)

Sadly, the construction work began close to the show ring during this class close to the ring putting off normally even the most confident of dogs which was unfortunately reflected in some of the placings here today.

1st "Robbins & Hensman's Jasquarella Edge of Winter.

This dog stood out for me in this class. He is a well balanced black and white dog with handsome head and kind

expression Shows to his advantage which made him stand out in this class.. Obviously enjoying his day out which was reflected in his movement. He is a dog of correct size with much elegance and not over done in anyway. Nice pleasing head with correct length of muzzle, nice stop and ear carriage that framed his face. Well proportioned body in top condition having good reach of neck, level top line and correct tailset which is carried well on the move. He has great rear angulation with strong rear quarters powering him on the move.

2nd â€“ Fellowsâ€™s Faernaur Shooting Star

Another striking dog who was unfortunate to meet first another who was well presented stood but slightly unsettled on the move. Black and white dog with classic markings. Good body with correct length of leg, good front, nice reach of neck, good wither and top line stood and on the move. Good head with expression. Correct lay of shoulder and body muscling up nicely.

3rd â€“ Croftâ€™s Koroyza Viking Voyager

Yearling Dog (4,0)

1st â€“ Robbins & Hensmanâ€™s Jasquarella Edge of Winter

See winner of Junior Dog.

2nd- Tingeyâ€™s Dallydor Lockdown Legend

A dog I have always liked but unfortunately today something was not right with him seeming unsettled either by the cold or construction noise which is completely out of character. Quality liver dog beautifully decorated and of correct colour who is balanced and well coupled. A dog with good body that is well angulated. He has good length of neck, is muscling up well over the shoulder and has good spring of rib offering good depth of brisket. On the move he does what a Dalmatian should covering the ground with ease. I feel one to watch for the future.

3rd â€“ Richards Hafwenna We Will Rock You

Novice Dog (4,1)

1st â€“ Rosserâ€™s Dalstorm Incan Warrior

Nicely made well bodied black dog of balanced proportion that stood and presented himself to his advantage. Good masculine head of correct width, stop on muzzle length who has great pigment â€“ handsome really. Good neck leading to well defined wither and good front with well laid shoulder. He is well sprung for rib and had good loin, top line and strong rear quarters powering him on the move. A dog with much potential.

2nd - Bridge, Meyer & Brittonâ€™s Akoni Athos Comte de la Fere

This is a nice dog that has good construction and make but carries the unfortunate burden of a second crop of spotting. You have to look beyond this because he is an honest well made dog with good head and expression and strongest pigment. He has a good length of neck leading to good strong fore-quarters and having good lay of shoulder, defined wither, well bodied chest and hind quarters. A well coupled dog having good top line and correct tail set. He moved well in this class with much drive and purpose.

3rd - Wilkinsâ€™s Jasquarella Fire â€“â€™ Ice at Salvadorada

Graduate Dog (2,0)

1st â€“ Croftâ€™s Sophspot Midas Touch for Koroyza

Good strong black white dog of good proportion. One of the few presented in top hard and fit condition and with a good attitude. A dog with a handsome head of good proportion having well placed and nicely broken ear. He has a good length of neck, good upper arm, length of leg and correct shoulder placement flowing well into a level top line and correct tail set. He is well ribbed with good depth of chest and plenty of heart room. Moved with elegance and yet good positive drive. One of the very few dogs here today and typical of this kennel, that was in good hard condition the way a Dalmatian should be. I think he has time yet to mature and would like to see him in a year.

2nd â€“ Dawsonâ€™s Washakie Sun Warrior

So here is dog who didnâ€™t quite have the body on the first had for me. He has a good head with pleasing expression, good pigment and beautifully broken ear. A dog with good length of neck holding his head proudly. Good lay of shoulder, depth of brisket and correct coupling. He moved well driving from his defined rear quarters covering the ground well.

Post Graduate (8,2)

1st â€“ Holburnâ€™s Glenlion Mystical Mountain

What great movement this dog has covering the ground he looked like he floated around the ring which was down to condition. Stood he commanded attention and he presents a compact balanced picture of a well balanced dog. A dog with good pleasing head correct in proportion, nice eye colour, correct stop and width of skull. A dog with strong neck well placed in a well laid shoulder. He has a well defined wither powerful chest correct length of loin and level of toplines stood and on the move. Correct tail set with well angulated stifle and powerful rear quarter. Just be careful not to over develop him,

2nd â€“ Gardnerâ€™s Wrendragge Stone the Crows

How unlucky was this dog to meet first. A dog of slightly larger proportion who is balanced and gives his all. He is a dog with good head with good expression. Again well placed nicely broken ear framing a kind face. He has good swan neck held proudly leading to well laid shoulder, good width of chest and well, laid shoulder. Well proportioned foreleg and nicely coupled. A dog with good top line, well set croup and tail set. Good rear quarters highlighted on the move with good reach and extension.

3rd â€“ Kenyntenâ€™s Gladlion at Ravenspot

Limit Dog (13,0)

1st â€“ Whincupâ€™s Tamilanda Air Force (Res dog CC)

A dog presented in the usual impeccable condition. A dog of good proportion and size with good striking decoration, good black of clean white background. Liked his head and black eye, skull of good proportion, correct stop and muzzle length. Strong neck at insertion into well laid shoulder of correct angle and good width of chest with plenty of heart room. A dog with well sprung rib, depth of brisket leading to nice tuck up in the loin. Correctly coupled with good length of loin, strong rear quarters and good turn of stifle. Dog was handled to his advantage moving true fore and aft covering the ground well. Pleased to offer him the Res Dog CC

2nd â€“ Townson & Pardoeâ€™s Kaytoni Oh What a Night at Daymadals

He is a dog with what I think is a good future holding true potential. Striking to look at fantastic pigment and balanced decoration. He is a well made dog of good balanced proportion. He has a good handsome head with good width of skull, well placed ear nicely broken. A good strong neck set well into good shoulder with good angulation. He has a good fore chest well formed and in good proportion, well sprung rib, nicely formed wither and depth of chest. He is of balanced length having good length of loin leading to well angulated quarters and good turn of stifle. Nicely set croup with good tail set which was carried well on the move.

3rd â€“ Todhunter and Robinsonâ€™s Millbelle Rocky Mountain

Open Dog (6,0)

1st â€“ Locke-McFaddenâ€™s Ch Caprillis Panache over Sassafras â€“ Dog CC & BOB

The dog that did not disappoint one who was totally at one with his owner â€“ such devotion in his face.

You new this dog was in the ring the moment he entered being in such striking form and condition. Loved the overall balance and striking outline of this dog. He is the total package.

A dog having masculine head full of expression with good dark eye, well held attentive head on correct length of neck well laid shoulder good wither and super front assembly. A dog with a well sprung rib and depth of brisket. Body of correct coupling, good length of loin, levellest of top lines. He has well angulated, well muscled rear quarters, good turn of stifle Not overdone in anyway.

He is lovely with everything flowing being balanced and no exaggeration he showed real power on the move covering the ground with ease moving with good parallel action fore and aft. In profile he has brilliant front reach and rear extension driving him around the ring with little effort.

In design we always say that when something looks right it is right and this can be attributed to this dog.

Absolutely had no hesitation in awarding him a well deserved Dog CC and Best of Breed.

2nd â€“ Richardsonâ€™s Mapplewell Pocket Rocket

Black white dog that has it all together. More compact that first but striking looking boy with good decoration black as black on a good white base coat. Good looking pleasing expression on well balanced head of nice proportion with good ear carriage which is nicely broken. Strong neck leading into defined wither, good lay of shoulder and strong chest. Good depth of brisket and level top line offering correct set of tail. Well angulated rear stifle. Showed and handled in typically good fashion.

3rd â€“ Page & Howellâ€™s Bleize de Montjuic at Winflash

Special Beginners (7,2)

1st â€“ Crookes Dalberry the Starburst â€“ Best Special Beginners

Good liver dog that was moved to perfection. This dog exhibits fantastic reach and drive when moved. A dog of good balanced proportion who is well pigmented with classic liver spotting. He has a good head with well formed level skull framed by well held ear that is nicely broken. He has a good length of neck. Good chest with well sprung rib and correct length of loin. He has powerful rear quarter that drove him around the ring. He is only a two year old and will body up with maturity.

2nd â€“ Fosterâ€™s Perditaâ€™s Albus

Slightly more mature that first and little to choose between the two but minor point, preferred head of first. Well bodied masculine displaying a powerful front. and well off for bone. He has a beautifully decorated body of correct colour. A dog with a strong head having regal expression. Good strong neck into correctly angulated front having broad strong front with plenty of heart room. He has a good spring of rib and deep brisket and correct length of body. Powerful well angulated hindquarters. He is another that covers the ground well with drive and vigour. Handled well and moved at the correct pace.

3rd - Quigley DakissPaperback Writer

Veteran Bitch (9,2)

Very hard to pick between first and second two nice bitches with first winning on movement today.

1st â€“ Warehamsâ€™s Tamilanda Blue Lilly at Dotsadaisey

A bitch I have always liked who did not show her eleven years and had her day today. Pretty black bitch with feminine head of correct proportion. Good neck with well set shoulder and good front, nicely sprung rib correct length of loin and nicely coupled. She has good rear angulation with nice bend of stifle. On the move she did not show her age but moved seamlessly around the ring with a pleasing outline good extension and front reach.

2nd â€“ Gardenerâ€™s Ch Dvojica Black Again at Wrendragge

Ten year old black/white bitch shown in great condition and form. Bitch with a lovely feminine head of good balanced proportion and correct pigmentation, good width of skull with well carried broken ear. She has the better length of neck than first into a well laid shoulder well defined wither and deep brisket. Body of correct over size and proportion that is well balanced having good top line, length of loin, well set croup flowing into a well set tail. Movement that belies her age driving and flowing around the ring. Nice bitch.

3rd- Finlayâ€™s Ch Dvojica Black Swan

Minor Puppy Bitch (10,2)

Watch out for these two puppies.

1st â€“ Pageâ€™s Winflash Osprey

What a lovely puppy, well presented having everything in the right place and nicely balanced which was reflected when she moves. Strong potential for the future here. A bitch with a good feminine head of nice proportion and correct pigmentation with good eye colour. She has a nice length of neck going into well placed shoulder and developing wither. A well formed front that is well off for bone having good length of foreleg. She has a nice spring of rib, correct length of loin and nice level top line and is developing a nice rear quarter having good rear angulation and turn of stifle. Nicely decorated, not overdone. A bitch that is sound on the move fore and aft

2nd â€“ Pageâ€™s Winflash Chanel Paris

Another puppy full of potential. Striking decoration of good proportion who is a well balanced puppy. Hard to pick between one and two with first being slightly more outgoing. This girl has everything you would want to breed in a puppy having good body, bone, substance, again great movement fore and aft. She has a good head with pleasing expression albeit a suspicious look – but that could be because of me. Again, another with good neck into correct lay of shoulder, nice wither and developing front. Well off for bone, good spring of rib and depth of brisket. She has a nicely coupled body and a well developing hind quarter. Nicely decorated with dense black spotting on whitest background.

3rd – Chappell & Williams’s Steyndal Star Sapphire with Waltzaway

Puppy Bitch (10,1)

1st – Chance & Dodds’s Dotlun Apache Inch Perfect – Best Puppy

This is a lovely liver bitch that looks to have a good promising future. She is classically decorated for a liver of correct colour and evenly distributed looking a real picture on the stand. She has a sweet kind feminine head with pretty expression, just loved her spotty face. She has a good length of neck held attentively set into a well angulated shoulder of correct lay, good chest and nicely boned foreleg with correct pastern. A good chest with good spring of rib and depth of chest into correct coupling. Well angulated with correct turn of stifle a defined wither and good tail set held well when moving. Overall a bitch of good balanced proportion. I liked her and was really pleased to award her Best Puppy

2nd – Watts & Jackson-Peatling’s Tamilanda Continental Ziva

Another good bitch but one with plenty of substance compared to first whom I preferred the elegance of. Black bitch with densest black pigment well set on whitest contrasting background – striking. A nice head with naughty expression, nicely feminine with good pigmentation. Strong neck into well developed shoulder and strong front. She has a good spring of rib, deep brisket. Looks shorter coupled than first but I think this is due to a more developed body. Good rear quarters with correct angulation. This bitch moved really well with good drive and purpose and covers the ground easily.

3rd – Lambs Dalpetro Dotty

Junior Bitch (12,2)

1st – Fellows’s Faernaur Celeste (Res BCC)

Not something I like to giving RCC from junior believing much can change on such a young dog but today this girl gave her all and commanded attention. She came into the ring with ring presence and attitude and displaying a confidence right from the start. Well made bitch yet to fully mature but with good expression of correct body and type and moving well. She displays sound confirmation for one so young. She has a pleasing expression which is enhanced by a good eye. Although still developing, nevertheless she has good bone, angulated front with good length of upper arm. Her level topline coupled with a developing rear quarter produced an attractive profile both stood and on the move. Covers the ground with ease.

2nd – Saunders and David’s Dallydyl Honey Trap

Quality liver bitch who was unlucky today to meet first. Both very different types of dog but first had the animation and ring presence I was looking for. Again, one who is developing nicely and who is well made with good substance. She has a good pleasing head, with well placed nicely broken ear. She has a suspicious aloof look to be expected in a youngster. Good skull width, correct sop and length of muzzle. She has a good length of neck flowing into correct lay of shoulder and developing wither. Well sprung rib and correct loin offers a well coupled bitch. Hind quarters are developing nicely driving her well on the move. Would like to see her again in a year or so.

3rd - Foster’s Perdita’s Tomorrowland

Yearling Bitch (13,3)

1st – Finlay’s Dvojica Excuse my French at Dalfin

Rita, what a nice girl you are. Stood out in this class right from the start. She is a well balanced bitch who is developing really nicely. Nice head having good balance and nicely decorated and good pigment. She has a good reach of neck well set, nice wither and good chest. Good front with nice bone and good pastern. Nicely sprung rib with good depth of brisket, nice length of loin with good tuck up. Good length of body well set croup and tail set held well stood and on the move. She moved with good flowing character of a Dalmatian, free and controlled. Handled with the usual professionalism. Certainly a picture on the stand.

2nd – England & Edens’s Dalens Queen of the Seas at Silverspot

Well handled bitch that is in tune with the handler. Slighter than first but developing nicely. Good feminine head with sweet expression having developing occiput, well held ear carriage nice broken. Longer in neck than first, with well laid shoulder and developing wither. First had maturity of body over this bitch which could change as she develops substance. She has good wither, deep chest with developing spring of rib. Nicely coupled having good well carried top line, well set croup and good tail carriage. She moved freely displaying good front reach and drive from her rear quarters.

3rd – Kembrey’s The Ash Blonde

Novice Bitch (13,3)

Hard to pick between first and second with first purely winning on decoration.

1st – Edens’s Steyndal Diamond White at Dalens

Again, well handled with handler and dog in unison. Well bodied bitch of nice make and pleasing shape displaying good substance. Nicely pigmented feminine head having good ear carriage and balanced well broken ear held well. Good neck held well stood and on the move going into a well angulated shoulder, developing wither, good depth of brisket and spring of rib. She has a well coupled body, nice topline on the move with flowing tail that is set correctly from a well set croup. She has well developed hindquarters that powered her around the ring displaying good drive at the rear and nice front extension. Much of this movement is down to correct handling and getting the best out of the dog being shown.

2nd – Bridge, Meyer & Britton’s Keiradal Moulin Rouge at Akoni

Loved this girl’s spotty face – so appealing. A bitch with nice head and body. She has a lovely head of balance proportion and totally feminine. Darkest pigment with – to die for – eye colour. Good muzzle with correct stop and good width to skull. She has a good length of neck with strength lain into a well placed shoulder. Strong front of good width, good bone and well laid pastern. A bitch with good spring of rib and depth of brisket nicely coupled with bend of

stifle. Another that was handled well moving at correct pace displaying free easy and yet driving motion who covered the ground easily.

3rd â€“ Newton & Newton-Oâ€™Brienâ€™s Cotterspot Nidderdale Lady of Chizzmic

Graduate â€“ Bitch (6,0)

1st â€“ Quayleâ€™s Cubalibre On One

Immaculately handled and well presented bitch in wonderful condition. Shorter coupled bitch with good shoulder position and a well angulated quarter, good spring of rib and depth of brisket.

She has a nice head with pleasing expression, very feminine with good width of skull and correct length of muzzle. Ears held well and beautifully broken held well framing a well pigmented face.

On the move she drove well from the rear with purpose and vigour covering the ground well with ease. Keeps a wonderful top line on the move with flowing tail accentuating correct set.

2nd â€“ Neath-Duggan & Bakerâ€™s Buffrey Carry on Emmanuelle with Dalleaf

Black and white bitch with deepest of pigmentation, nicely and well decorated with great contrasting coat. I think she felt the cold today as she was a little tight stood and on the move in contrast to first. Pretty head with good pigment, well held ear carriage held well highlighting a good length of neck. Strong front with well angulated shoulder, good spring of rib and nice length of loin. Attentive on the stand giving good animation but I think she would prefer a warmer day. She is handled to get the very best out of her stood and on the move.

3rd â€“ Haywood-Ridgewayâ€™s Luccombe Strawberry Fizz

Post Graduate Bitch (11,0)

1st â€“ Howard-Riddleâ€™s Shydally Star Attraction

What an amazing bitch this is. I really liked her but she unfortunately dropped her top line in the challenge. This is a bitch that I think will have a positive future shown to her advantage stood and on the move â€“ a real picture. Good feminine head having well set and decorated ear and pigmentation. She has a good length of neck held swan like on the stand set in a well placed shoulder and strong wither. She has a well proportion front having good width and well laid shoulder. Correct length of fore leg, good depth of brisket and sprung rib, good length of body having correct coupling giving overall balance. Good strong hindquarter with well turned stifle. Good top line held well on the move with flowing tail displaying correct set. She was handled well and moved well flowing around the ring with good fore and aft movement displaying front reach and rear extension.

2nd â€“ Healey & Healey & Wheatonâ€™s Hebeom Ruby Tiger from Acinonyx

Another quality bitch I really liked of good correct liver colour and excellent balanced proportion and condition. She is well bodied and moves easily around the ring which is attributed to her general condition â€“ fit. A bitch with pretty feminine head of correct size and balance. She has a well set neck of good length set in a well laid shoulder with strong wither, good width front with excellent depth of brisket and good spring of rib. She has a well balanced body of correct coupling, good turn of stifle with strong rear quarters and developing second thigh. A bitch with good top line and correct tail set. Sadly, due to misfortune, her shortened tail did not complete the picture for me today despite as said earlier being set correctly and carried well. She covers the ground with ease, driving from the rear. On the stand she is a picture with lovely decoration well dispatched over her body.

3rd â€“ Patrickâ€™s Cohavrick Symphony

Limit Bitch (20,4)

1st â€“ Burrowsâ€™s Ellemstra Tough Cookie at Shacarlu â€“ Bitch CC

From a class of top grade exhibits this â€“knock outâ€™ well balanced bitch took my eye when entering the ring. A bitch with great ring presence in a class of her own with attitude that refuses to be ignored. She is in hard fit condition and was well presented in a sharp contrasting black on pure white coat. She is not over exaggerated in anyway but showed with exuberance and flair. She has an attractive head with great attentive expression, good eye and pigmentation. A bitch with laid shoulder, good upper arm producing a well angulated front. Good spring of rib coupled with excellent depth of chest and correct length of loin manifesting itself in a level top line when on the move with good tail carriage. She has a strong well angulated rear quarters which propel her with drive and enthusiasm. Handled and moved to perfection. Pleased to award her first Challenge Certificate â€“ I donâ€™t think the others will be far behind.

2nd â€“ Hobbs & Whitingâ€™s Sophspot Knockout at Rapenooy

Another nice bitch of quality that was well handled with flowing movement really covering the ring and handled well. She is a bitch with feminine head having classically well broken and held ear carriage framing a well pigmented face of good proportion. Good neck held well and proudly set well into good angulated shoulder, strong front of correct width, balanced and proportionate front with good foreleg. She has a good depth of brisket and nicely coupled body with correct length of loin, good rear quarters. Holds her top line well in the move powering from strength in her rear quarters displaying good drive with front extension.

3rd â€“ Tingeyâ€™s Dallydor Secret Attraction

Open Bitch (13,2)

1st â€“ Richardsonâ€™s Ch Mappliewell Limited Edition

A bitch well handled and presented in excellent condition. She has a pretty balanced head with good expression being pleasing on the eye. Good upper arm and correct shoulder placement, good length of neck flowing into nice level top line and tail set. Beautifully decorated with well ribbed body having good depth of brisket and being well angulated in the fore and hindquarters. Good movement holding her head well accentuating her personality. She has good ring presence flowing in her movement due to her conditioning.

2nd â€“ Prattâ€™s Sophspot In a Heartbeat at Lyndalla

Lovely bitch that never stopped showing who is really in tune with her handler. She is a bitch of well balanced proportion who when stood had the classic Dalmatian balance displaying the perfect stand showing off her top line correct tail set

that is held to perfection. She has a lovely head not overdone with lovely ears held well framing her expression. A bitch with good length of neck displaying good strength set well in her correct shoulder. Good width of front not over done, nicely sprung rib, good length of body having correct coupling flowing into beautiful turn of stifle and good rear quarters. Levelist of top lines. She moved well fore and aft and well around the ring. Such beautiful decoration. Hard to pick between one and two and I think if in the challenge would have pushed hard. I think this bitch has a strong future.
3rd â€" Cuthbertsonâ€™s Ch Ellemstra Little Mix with Kalsidoni

Special Beginners Bitch (9,0)

Little to pick between first and second, very hard decision to make.

1- Fosterâ€™s Perditaâ€™s Tomorrowland

A well handled and well presented black white bitch of correct size who stands four square and attentive. Nice feminine head with correct length of muzzle, good width of head which is well framed by correct ear carriage. Good pigmentation with well broken ear. She has a good reach of neck that is well placed into correct shoulder and nicely developed wither. Good front and foreleg with good lay of pastern.. Plenty of heart room with correct coupling, good tail set, strong rear quarters and nice bend of stifle. She moves with total freedom and won this class today on her flowing movement.

2nd â€" Paceâ€™s Dalcatori Morganite Rosa del Brondelvcede

I did like this little giver girl who has classic spotting. Another with a beautiful feminine head and expression and well pigmented having the warmest of eyes. Nice width of skull well held ear of good proportion which is well broken. A nice compact bitch with good reach of neck into well angulated shoulder and clean front and good length of foreleg. She has a good spring of rib, nice depth of brisket. Well developed wither and levelist of top lines leading to a well placed croup and good tail set. She has well formed hocks and turn of stifle. Moved well fore and aft who again benefited by being handled correctly.

3rd â€" Patrickâ€™s Cohavrick Symphony
