Judges Critique

I enjoyed my day at the very well organised and beautifully situated Windsor Show. I finally fulfilled the appointment , it having been postponed due to Covid .
Thank you so much to the Officers and Committee who invited me to judge our lovely breed and made me feel so very welcome. Also thank you to my two Stewards who aided in the very large ring.
There was a large entry for me -thank you, and I found that the quality of exhibits to have changed little since my last appointment at this level, with the males excelling in the older classes in particular. The bitches, however were of superior quality and in many classes the placing could have been changed, it was delightful to have found so many lovely dogs and bitches to judge. Thank you to all of you who entered and accepted all of my decisions in a sporting manner.
There were quite a few soft pads, we are a breed that needs a certain amount of road and lead work to maintain the ultimate fitness, this also improves the tightness of the feet and movement. Some of the younger bitches were unsettled due to the strong breeze which was a shame but I couldn't penalise them for this as they will grow through the uncertainties of different ring experiences .
Movement in general, was better in the bitches, this needs to be watched as we have to have good movement in both to keep improving the breed .
Lastly I have to comment on the amount of exhibitors using thin chains to show their dog on. I do not like this and nor - it appeared - do the dogs who sported them. I noticed several exhibits choking and shaking their heads as the chain was far too tight. It does no favours for the dogs to be strung up and objecting to tight, thin chains round their necks it completely throws the balance out. There are plenty of very good leather or synthetic show leads on the market which are much kinder.

1st: 6304 NEATH-DUGGAN, Mrs S & BAKER, I have judged this black boy before and he just gets better and better. Hardly a Veteran - the way he storms round the ring - whether it be large or small, he is perfectly balanced on any ground, exactly how a correctly constructed dog should be. He really drives from his muscled quarters and strong second thigh. With a good neck into straight topline and strong bone, there is no coarseness in his masculinity. Perfectly carried tail, and good spring in his pasterns. BV and was delighted to watch him win the Veteran Group and a well deserved BVIS
2nd: 6294 JENKINS & RIDGWAY, Miss S & S Luccombe Strawberry Kisses. What a smart girl and unlucky to meet 1 today as I really liked her femininity and overall make and shape. Lovely long and well arched neck into level back and correct tailset. Perfect catlike feet. Didn't put a foot wrong and moved out and back with balance and in profile drove well from behind.

1st: 6343 WILKINS, Ms Kelli Salvadorada Heads Will Roll This liver made a perfect outline, balanced and not too big for his age. Lovely even spotting with a quality to his head that carried throughout. Good to see correct angulation on his front and his brisket dropping well. Tight elbows with level topline and correct tailset and carriage on the move. Loved his long, workmanlike stride. A lovely cobby type. Delighted to award him BPIB and very happy to watch him get pulled out in the Puppy Group.
2nd: 6267 CUTHBERTSON, Mrs Margaret & CUTHBERTSON, Mr Alan Kalsidoni Blue Gemstone. Black with super pigmentation. Dark eyes and well placed ears into lovely long neck and straightest of backs. Glad to see another youngster with good front and rear angulation. A little taller than 1 but still well balanced especially on the move. He will progress into a smart adult.

He is a bit longer in the leg but has a pleasing head and neck which flowed into goo withers and straight back. Strong quarters for his age and standing on tight feet. Difficult to assess movement as he was unfortunately a bit unsettled

Good reach of neck into a straight short coupled back which had enough drop away to set his tail on correctly. Would prefer better angulation front and back.
2nd: 6269 DAVIES, Mrs Hayley Maddidalli's Causing a Storm Lighter spotted than 1 but with a strong head neck and good eye. Masculine neck and well off for bone good back and carried tail correctly. Nice powerful backend and happy to see a strong second thigh, which he was using to pull his handler a bit which made assessing movement difficult.

2nd: 6318 SMITH, Mrs Angie Rapanooey Sugar Donut at Spotamour JW. Shorter in the leg and shorter coupled than 1 but I loved his size, Strong head with pronounced stop and dark eyes. Good neck front angulation and straight topline, with strong bone and deep brisket. Tail carried well on the move, would prefer a longer stride.
