Judges Critique

They say that you never forget your first time and I certainly will never forget judging at this level for the first time. I must commend the Bath show committee for providing the excellent size of ring but torrential rain and high winds made using the outside portion of the "In / Out" ring out of the question apart for a quick display of movement but exhibitors put on a brave face and got on with the job. I would like to thank my steward who organised the ring single handed, she did an excellent job. Several of the puppies and a few of the older dogs were not comfortable with the noisy and wet conditions and didn't give their best. Several exhibits had coat problems. Short tails and nails which needed trimming were another issue that needs addressing. Overall the size of both the dogs and bitches is getting larger with some of the youngsters looking like adults. This needs to be addressed as they don't comply with the present breed standard. It's in the breeders hands to address this! That said I was very pleased with my top winners who displayed correct type and excellent movement.

Minor Puppy Dog. (9-1)

1st : Tingey's - Holderness Hillbilly By Dallyador

7 Mth old liver. Well proportioned head with correct eye colour which is so important in a liver. Well off for bone and a level top line which was held on the move. Angulations good and coat decoration even. Correct size for a puppy – A very promising youngster.

2nd : Precious' - Holderness Henry Higgins By Lupiac

Black litter brother to one but very different in make and outline. Overall a larger frame with strong bone and correct angulations. On the move he was loose as you would expect in one so young but showed some real potential for the future. I'm sure these two will change places many times.
