Judges Critique

BRITISH DALMATIAN CLUB

DOGS

My thanks for this invitation to judge Dogs at this lovely show, I felt privileged indeed to be asked again having judged the Bitches in 2018. The ring could not have been better for seeing all exhibits display their gait, so much nicer than the splashing through mud when I last judged, there could be no excuse for anything but rhythmic, fluent ground covering action.

High carriage on tails is still an issue but I found enough whose carriage was good, so all is not yet lost for the future if breeders keep this in mind. I was very satisfied with all of my primary winners, a lot of them liver spotted which says much for their quality in present competition and there are now some good dog puppies coming through.

VD (5) Quality class to start the day

1 CH. KALOKAIREA BULLET PROOF. Upstanding and classy liver, built very much on the shape, balance and lines I was looking for. Like his head and kind expression, dark eyes and well set ears. Clean arched neckline, well built front and good ribbing carried well back, strong powerful loin and balanced hind angulation with good width in thigh. Good round bone, tight feet and correct pasterns. Clear white coat and nicely spotted. Sound, fluent and rhythmic mover carrying his tail correctly at all times. In super muscle tone and a great showman. Reserve CC and Best Veteran Dog.

2 CH ALPHADALA KING OF ANGELS ShCM. Liked this b/s a good deal, he should perhaps have been asked to challenge for Best Black Dog as I consider him among the best of the exhibits I had the pleasure of judging today. Many of the same qualities apply as 1, has a lovely outline and balance and on the move he displayed powerful fluent action holding a good topline. Just marginally preferred the head and expression of 1

3 INT FR IR CH DOMDALLINO JE SUIS KILNDANDY JW

MP (8)

1 JAXSONDAL ROCKET MAN. Approaching 9 mth, very typy with a quality head, has a very good front, tight feet and good strength and spring in his pastern for one so young. Well sprung deep ribcage, clean neckline with good definition in wither, a well muscled loin and carrying his tail well. Good hind angulation and carrying a good coat with very nice spotting. Really covers the ground in action and also very accurate up and back. Very promising puppy here.

2 DOTLUN APACHE RUNNING BEAR . 6 mths and obviously not as developed as 1, but clearly has the essential quality in framework and movement for a successful future. Liked his head and expression, I would say a nice size too and his decoration and correct tail carriage all add to the package. Smooth fluent mover though not yet as accurate as 1 which is to be expected at this stage. Another with very good potential.

3 JAXSONDAL CRĂFĂME DE LA CRĂFĂME AT KORROYZA

PD (8)

1 SALVADORA HEADS WILL ROLL. Just off his first birthday and a very collected and eye-catching liver he is too, his white coat is positively sparkling and his spotting is good with well broken ears, I particularly liked his head, lovely dark eyes and kind expression. Good depth of chest, lovely flow through his front, neck and along the loin which is well muscled, all making for a very balanced picture. Powerful and rhythmic mover with correct tail carriage and an attentive showman. Considered him for the RCC and will be surprised if he does not finish with his title in the fullness of time.

Best Puppy Dog

2 MILLBELLE THUNDERFIRE. Another quality dog of good size with a lot of potential. At 9 mths giving away something in body development to 1 but is a great natural showman who comes alive in action where he is really covers the ground showing excellent reach and propulsion in profile. Just needs to tighten more in front action. Pleasing head, dark eye, clean neck, good round bone, tight feet and straight front, just a shade longer in loin than 1 and can overstretch his hindquarters at times which just spoils the balance of his outline. Sure to enjoy a good career going forwards.

3 DALAMANTI MORNING SUNSHINE

JD (3, 2)

1 KELEVRA DILL OR NO DILL JW. Compact 17 mths b/s who is a great showman, so beautifully schooled and in tip top condition. Boldly spotted on a brilliant white coat, pleasing head, dark eye and kind expression with great pigment. Straight front, good round bone, lovely feet and good spring in pasterns, clean neckline with well defined wither, decent depth and spring to his ribcage, would like more forechest. Well angulated hindquarters and a strong powerful workmanlike dog on the move, just carries his tail rather proudly.

YD (2)

1 KELEVRA DILL OR NO DILL.

2 OFFORDALE GRENADE. A high quality b/s who just decided not to play the game today. Quality head of good proportions with dark eye, well set ears and a lovely expression, clean neck and good definition in withers, correct front with good shoulder layback, good ribbing and good round bone into tight feet. Shown in super bright coat, well decorated and lovely muscle tone. Fluent mover carrying his tail correctly. Sure he will enjoy better days.

ND (6)

- 1 JAXSONDAL ROCKET MAN
- 2 MILLBELLE THUNDERFIRE
- 3 DALAMANTA MORNING SUNSHINE

GD (3, 1)

1 DALMARK RHYTHM AND BLUES. Such a sound liver, did not put a foot wrong in any direction and shows excellent reach and drive in profile. Very nicely marked, well sprung ribcage of good depth, carries his tail well. Nice head, lovely eye and good pigmentation. Shown in good muscle tone and body condition though his coat was showing a small touch of rash.

2 DALSAÑO ARBETH STAR. Lightly spotted liver who was not enjoying proceedings today. On the tall side but has good bone, I like more depth and spring in his ribcage and I found him rather straight in shoulder, upper arm and also in hindquarters which means his gait is somewhat restricted.

PGD (5, 1)

1 DALSTORM INCAN MISSION. Liked his head, dark eye, good pigment and lovely expression on this lad, lovely clear well distributed markings, broken ears, and in excellent coat, muscle and body condition. Has good round bone, tight feet, well sprung deep ribcage carried well back, clean neckline with defined withers and is correct in couplings, being neither too short nor too long. A good mover, fluent and sound, carrying his tail correctly.

2 SOPHTSPOT PERFECT STORM. Such a brilliant white coat on this lightly spotted dog, Presents a good outline in stance but could not match 1 on the move for accuracy though covers the ground well in profile. Would prefer more substance in body and although he has good dark eyes and a kind expression I would like to see more masculinity in the head.

- 3 DALBERRY THE STARBURST

MLD (5)

1 DALLYADOR LOCKDOWN LEGEND. My first comment on this l/s was "statuesque", this 3 yr old is very well marked, has good depth in body, a well carried tail, correct angulation and very firm hocks which, with his good neckline, all add up to a pleasing outline. Really liked his head and expression, his amber eye is soft and kind and his pigment very good. Good round bone with well sprung pasterns, good front and feet, well laid shoulder though just a shade steep in upper arm, defined withers and well muscled loin with correct length in couplings. A good mover, fluent, free and athletic.

2 TOLKAIN STORM KING FROM PHADANTE JW. Smaller and more compact package to 1, winning this place on the move where he is very pleasing, showing good fluency, rhythm and carriage. Could not match 1 for showmanship and he is a shade heavier in skull, but has a lovely dark eye, well broken ears and a kind expression. Another with a good layback in shoulder, well carried tail and good hind angulation.

- 3 WASHAKIE SUN WARRIOR

LD (10)

1 OFFORDALE VIVALDI. A rather classical 5 year old whose topline is so clean from his nose to the tip of his tail, everything flows so well. His coat is gleaming and his black markings are very good. Lovely head proportions, dark eye and good expression, clean neckline with good wither definition, good forechest and straight front. Well sprung ribcage and strong muscular loin, correct hind angulation with good width in thigh and no exaggerations. Impresses on the move where he is very sound and covers the ground effortlessly with good tail carriage and a good degree of elegance. In the mix for the CC and RCC certainly.

2 OLILOU HEAVENLY HAMILTON BY WINFLASH. More substantial and more heavily marked than 1 dog but otherwise carrying many of the same qualities with good forechest, excellent depth and spring to his ribs, strong powerful hindquarters and showing happily with great attitude and carriage. Liked his head and expression, good tail carriage and another excellent sound mover.

- 3 KOROYZA VIKING VOYAGER

OD (6, 1)

1 CH MILLBELLE KICKING HORSE AT CUBALIBRE JW. Top quality l/s who appealed from the very start of the class and he just seemed to get better, settling into his rhythm on the move so easily and in stance the composite showman showing masculinity, elegance and a balanced typical outline. Liked his head, dark amber eye and kind expression; his front, feet, pasterns and layback in shoulder are all very good and he uses his neck so well, giving him a degree of superiority that none of his competitors could match today. Good roomy ribcage carried well back, strong muscular loin and well carried tail. His hindquarters are beautifully balanced with strong hocks with good width in thigh. Shown in excellent muscle and body condition. CC and pleased to see him go Best in Show.

2 KAYTONI OH WHAT A NIGHT AT DAYMADALS. Very appealing head and expression on this b/s, he is more heavily marked and his pigmentation as a result is superb, but his whole balance and outline is very typical and well balanced and he can certainly hold his own on the move showing good fluency, reach and drive and also good accuracy on the up and back. Has a good shoulder, excellent framework all through and, if anything, a shade more forechest than 1 but somehow just lacked the attitude the CC and RCC winners, but he certainly ran them close. Best Black Dog

- 3 CH TAMILANDA MIDNIGHT LILY JW

SOD (3, 1)

1 RAPOONETY RANUNCULUS. Another quality l/s with a lot to admire. Good head, amber eye, solid eyerim pigment and soft kind expression, an attentive showman he makes the most of himself and presents a balanced outline. Good

straight front, good depth of chest and a decent forechest, powerful loin and good hind angulation and correct tail carriage. Moved well at the start but seemed to lose enthusiasm in the challenge, well marked with broken ears and shown in good coat and musculature.

2 TAMILANDA AIR FORCE ONE. Nicely marked and well constructed b/s, really loved his head and expression, darkest eye of the day without doubt. Good round bone and tight feet, though pasterns could be better, clean neckline, strong loin and good rear angulations but a carrying his tail a shade proudly on the move.

BRACE (7, 4)

1 Collier & Co's two b/s bitches who are not only of very good quality but are very well matched for height and type and move in synchronization beautifully, both with lovely fronts, covering the ground and extending so well in action. My co judge and I were in complete agreement deciding this one.

2 England. Black and a liver, both bitches who showed well together, in stride on the move and of matching height but not as well matched for type or as good in fronts as 1.

3 Gabbott & Handyside

JACKIE KITCHENER (JUDGE)

BITCHES

I would like to thank the British Dalmatian Club for the invitation and for the members who voted for me. I would also like to thank my stewards Leanne and Kevin for keeping me and the ring well organised.

SPECIAL JUNIOR VETERAN BITCH (8 Entries 1 Abs)

2nd England & Co's Dalens Bethany Char At Silverspot I couldn't believe this bitch is the sister of my winner. She has the same attributes as her sister but today unfortunately, she wasn't wearing her best coat. She never took her eyes of her handler and never stopped wagging her tail.
